

SCHEDULE OF EVENTS

TUESDAY February 4th, 9am – 7pm

ALL DAY | Equipment Demonstrations
Interact with Factory Experts
Network with Industry Peers

SEMINARS

10:00 am | **Press Brake Bending vs. Panel Bending**
See how TRUMPF software can change your world. Compare the technology to find the right solution for your needs

11:00 am | **Robotic Welding - 3x faster than manual**
Justification of Robotic Welding for First Time Users by Miller Welding Automation

12:00 pm | **Lunch Buffet & Networking**

12:45 pm | **Waterjet Cutting - When and Why?**
Waterjet Cutting to create new business opportunities like thick aluminum, rubber, UHMW and eliminate heat effected zones from thermal cutting

1:30 pm | **The All-in-one Solution from Deburring**
Deburring, Edge Rounding, Oxide Removal, Plasma Dross & Finishing with leading edge machinery from FINISHLINE

2:30 pm | **CNC Routing...Open Up New Frontiers**
Learn how to gain a new competitive edge in machining aluminum and non-metallic materials with C.R. Onsrud

4:00 pm | **High Powered Fiber Lasers by TRUMPF**
Developments in speed, automation and throughput.with the pure power and speed of fiber laser technology from TRUMPF

5:00 pm | **Steak Night**

WEDNESDAY February 5th, 9am – 7pm

ALL DAY | Equipment Demonstrations
Interact with Factory Experts
Network with Industry Peers

SEMINARS

10:00 am | **Feed the Beast: High Speed Fiber Laser**
The latest from TRUMPF Fiber Laser Developments in speed, automation and throughput

11:00 am | **N2 Generation for your Fiber Laser**
Eliminating the costs of laser assist gas and gaining another competitive edge

12:00 pm | **Lunch Buffet & Networking**

12:45 pm | **CNC Machining for Long Parts**
CNC Long Bed Machining – Open Up New Markets for Your Business from FlexCNC

1:30 pm | **Robotic & Automated Press Brake Bending**
Have you considered retrofitting a robot to your brake? Learn how to justify automation with repeatable jobs. By Mid Atlantic Automation and TRUMPF

2:30 pm | **Quality Sheet & Plate Steel Leveling**
Improve your down stream operations with more consistent material and become the benchmark of quality with ARKU

4:00 pm | **Quality Control for 2D or 3D Fabricators**
Simply and quickly perform 2D inspection, CAD comparisons, or reverse engineering in seconds with InspecVISION

5:00 pm | **Wild Boar Wednesday**

THURSDAY February 6th, 9am – 4pm

ALL DAY | Equipment Demonstrations
Interact with Factory Experts
Network with Industry Peers

SEMINARS

10:00 am | **CNC Burning & Pipe Plasma Systems**
Learn about the latest developments in burning of plate and pipe technology from ALLtra and Bend-Tech

11:00 am | **CNC Plate & Angle Rolling**
Taking the guesswork out of rolling with CNC controls from FACCIN

12:00 pm | **Lunch Buffet & Networking**

12:45 pm | **CNC Folding Tech with your Press Brakes**
Struggle with two operators on large parts? Want to eliminate Brake tooling shoulder rub? Learn how to reduce or eliminate set ups with CIDAN

1:30 pm | **4-in-1: Cut, Burn, Machine, Drill & Mark**
All in One Process - Cutting, Machining, Drilling & Marking from Kinetic

2:30 pm | **High Powered Fiber Laser Technology**
Developments in speed, automation and throughput

PLUS Get TWO FREE Tickets per Company to the Great American Outdoors Show
